

## Announcement of Funding For Dry Well Septic Upgrade

Crosby Township has received funds from the ARPA Program targeting residential properties with a Dry Well Septic System. The Trustees want to assist Crosby residents upgrade their septic systems from the use of a dry well leach field to modern leach fields as approved by the Hamilton County Public Health District. This program falls within the guidelines set by the Federal Government. The township has set aside funding to help 50 residents in the amount of \$5,000 each. Applications can be picked up at the Community Center or can be downloaded from the township website after March 1, 2022.

The requirements are as follows:

1. Residents may apply for the program beginning March 1, 2022. The deadline for submitting applications is September 30, 2022. There will be no extensions of this deadline. Contact Bryan Carter at 513-738-1440, 8-11 AM, Monday through Wednesday and Friday or email at <mailto:bcarter@crosbytwp.org> to apply
2. Only full time residents of Crosby Township owning single family homes are eligible
3. No rental or commercial properties are eligible
4. The residential property owner shall be responsible for obtaining the necessary approvals from the Hamilton County Public Health District before any work is initiated. Contact Greg Cassiere at 513-946-7871 or by email at <mailto:greg.cassiere@hamilton-co.org> for more information
5. Application will need to be approved before work is commenced
6. An inspection of the completed work shall be performed by a Crosby Township official and an approval of the work is required prior to the issuance or payment from the program
7. Payment to the installer shall be made within sixty (60) days of approval, when the work is completed
8. Payment to the installer for any single project shall not exceed Five-Thousand (\$5,000.00) Dollars
9. An owner may only apply for a single address
10. Funds are limited to the first 50 applicants on a first –come, first-served basis
11. If approved, work must commence on or before December 31, 2024 and be completed by December 31, 2026
